

The sustainability of Oregon's waterways depends on dedicated stewardship by all users.

PLAN & PREPARE:

- To help protect our shorelines for healthy streamside vegetation and a thriving waterway ecosystem, only use established and designated launch zones.
- Park in designated parking areas and carry your equipment to launch site.
- Do not try to launch or exit beyond the established ramp zone.
- Inspect your watercraft before entering or leaving the waterway, make sure it is clean of any vegetation or debris, drain any standing water, and ensure that it is dry before it enters a new waterway. Inspections help prevent invasive species.

KEEP OUR WATERS CLEAN & CLEAR:

Our waters are home to rare invertebrate species, and their unpolluted habitat is crucial to a diverse and thriving Klamath Basin waterway ecosystem. Help keep waterways clear of any litter, human waste, aquatic invasive species, and personal hygiene products – what you carry in, you must carry out!

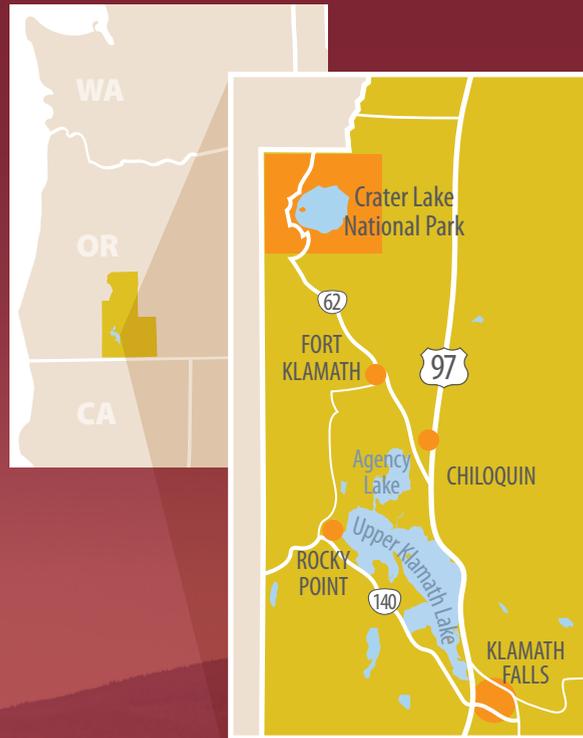

BE CONSIDERATE:

- Most routes flow through or next to private land. Remain on designated water trails and only use established public access areas. Never park, launch, or land on private property without permission.
- Be aware of other users like streambank anglers and boaters.
- Our waterways have deep cultural and historic significance to the local community. Please be respectful as we share these resources with each other.

Remember to come prepared, completely clean and dry out your watercraft, and bring a desire to explore these amazing routes in the Klamath Basin. Make sure to take only photographs as souvenirs and share your experience with others!

For more information about routes, please contact:

Klamath Basin Refuge Complex (530) 667-2231
USFS Klamath Ranger District (541) 885-3400
Collier Memorial State Park (541) 783-2471

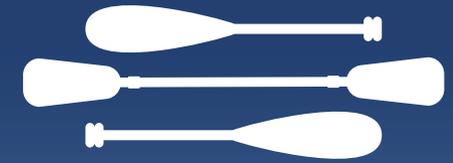

SAFETY:

- A whistle is required on board the watercraft, as is a Personal Flotation Device for each person.
- Children 12 years and younger must wear a PFD at all times.
- Always carry a snack, flashlight, sunscreen, drinking water and protective clothing with you.
- You must have a Waterway Access Permit for watercrafts 10 ft and longer. Visit MYODFW.com for information.
- Morning is best for easier paddling, as winds pick up in the afternoon.
- Water levels vary seasonally. Check local conditions before you embark on your adventure.

Seriously. Right now.

ADVENTURES NEAR
CRATER LAKE

This project is partially funded by the Klamath County Transient Room Tax.

*Route mileage and paddle times listed are based off of one-way paddles.

Williamson River

Collier Memorial State Park to Sportsman's River Retreat
9 miles | 3 - 4.5 hours*

The longest of the 3 water trails, it flows through pine forests with willow-covered shorelines, with abundant wildlife viewing. The 9 mile, 3-4.5 hour route begins at Collier Memorial State Park Day Use Area, on the East side of Hwy 97, with the option to divide the trip into smaller segments, stopping at Chiloquin Bridge, Waterwheel RV Park & Campground (launch fee), and on to Sportsman's River Retreat (launch fee). Collier Memorial State Park is not equipped with a permanent boat launch, so use caution when putting in your watercraft.

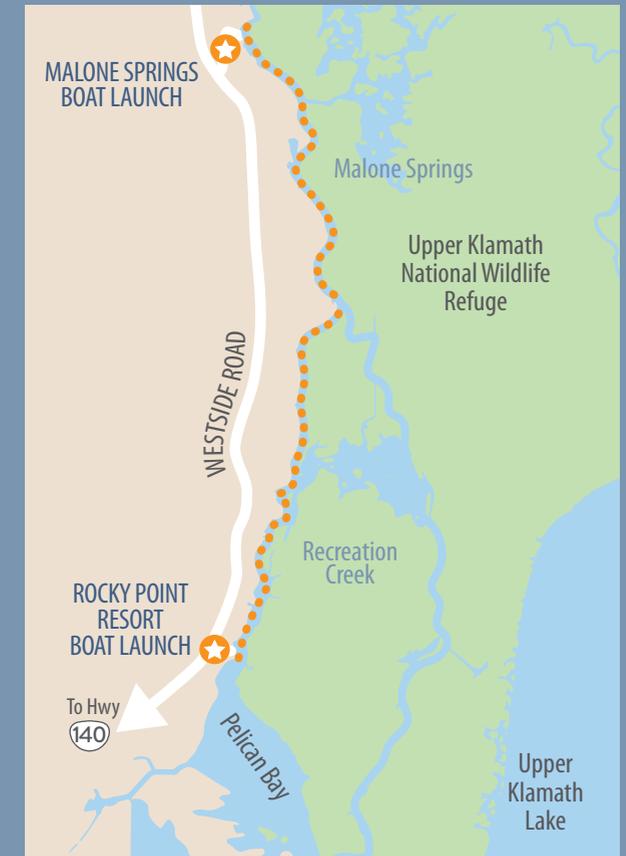

Agency Lake & Wood River

Petric Park to Henzel Park | 5 miles | 2 - 3 hours*

This route is a quicker float alongside rural pasture land with sweeping mountain views of Mt. McLoughlin and the rim of Crater Lake National Park. Keep your eye out for bald eagles, ospreys, American white pelicans, and great egrets that grace the sky, while river otters, beavers, and foxes roam below. From Petric Park, it's a calm 3/4 mile paddle to the first docking point at Wood River Wetland, with 2 more miles along the lake front to Agency Lake Resort (launch fee) or 4 miles to Henzel Park boat launch.

Upper Klamath Canoe Trail

Malone Springs to Rocky Point Boat Launch | 9.5 miles | 3 - 4.5 hours*

This portion of the signed trail is a relaxed paddle through 15,000 acres of marsh channel lined with tules, wocus and towering mountain views. In spring it's a symphony of bird songs. There is a slight current, but it can be paddled either direction. Malone Springs offers a pit toilet, while Rocky Point Boat Launch has restrooms and accessible boat and fishing docks. No launch fee at either end.

RENTALS AND GUIDED PADDLES: Sky Lakes Wilderness Adventures and ROE! Real Oregon Experience.

SHUTTLES FOR ONE-WAY PADDLERS: Agency Lake Resort, Waterwheel RV Park & Campground, Sportsman's River Retreat, Sky Lakes Wilderness Adventures.
